EXPERIENCE

• IGZY Technologies Pvt Ltd.

Software Development Engineer (Full-time)

May 2022 - Present

- Reduced the reporting time for hard disk failures from one day to almost real-time by using an **SMTP server**, which receives email of failure from NVR and raises notification. Tech used:smtp-server,
- Reduced the need for manual labor by implementing a cron job that retrieves the latest accurate recordings for each site. R & D different way to make job complete quicker.
- Created internal tool to automate the changes in all the NVRs simultaneously. Tech stack: **Nodejs, EJS, PM2**
- Working on **meteor** application which will replace old platform and decouple notification management.

• Simbaquartz

Software Development Engineer (Full-time)

Feb 2021 - May 2022

- Developed a **Full-Stack** web application for a trucking company. Implemented features order creation, status tracking of order and generated invoice. Technology used : **Nodejs, MongoDB** and **Reactjs**.
- Developed **Reactjs frontend** of eduinsti company. I developed many components which were used throughout the application. Designed a user-friendly loan application form with multiple steps and organized my codebase using modular components and created the same form for **React native** application.
- Created frontend for and IELTS /CELPPI preparation institute. I created all the modules of CELPIP part, the site consist of an admin portal and a student portal, i created all the module for admin and student portal.
- My contributions were recognized with two Certificate of Appreciation awards

HONORS AND AWARDS

- I have participated in 42 leetcode contests with highest Contest Rating 1741 placed in top 9 %
- I have also successfully completed the freeCodeCamp.org's JavaScript Algorithms and Data Structures certification

EDUCATION

• Guru Nanak Dev University

Bachelor of Science ; 70 %

Amritsar, India

July 2017 - Nov 2020

VOLUNTEER & OPEN SOURCE EXPERIENCE

- I am currently part of Real-Dev-Squad where i have contributed to both Frontend and Backend.
